SANTA CLARA UNIVERSITY **M.B.A. (Beta Gamma Sigma)**

STANFORD UNIVERSITY **B.S. Management Science & Engineering**

Skills

- JavaScript / NodeJS
- Ruby / Rails
- SQL / PostgreSQL
- React / Redux
- HTML / CSS

Experience

Full Stack Software Engineer

March 2020 - Present

KANTATA (FORMERLY MAVENLINK, SAN FRANCISCO, CA)

- Developed features on the Mavenlink enterprise application within a tech stack that includes React, GraphQL, Ruby/Rails, MySQL, JavaScript, HTML, CSS and other common developer tools.
- Built frontend React components and made improvements on legacy JS areas. Leveraged the API to accurately present user financial, project, and custom fields data.
- Designed and implemented new components and backend API enhancements on the app's task tracker - project management tool as well as the workforce recommendation module.
- Anchored a track to introduce table view edits for custom fields within the task tracker module.
- Fixed bugs and used detective skills to identify the root causes of issues reported by clients. Enhanced many parts of the enterprise app which led to a deeper understanding of the codebase.
- Led pairing sessions with both senior and junior engineers to complete assigned projects.

Software Engineer (Contract)

Oct. 2019 - Nov. 2019

GROUPMUSE (SAN FRANCISCO, CA)

- Designed mobile application features using current website architecture and React Native. Built new components to improve functionality of user detail views.
- Created new functions on the React Native frontend and API / backend.

Vice President, Global Gateway

2014 – July 2019

SILICON VALLEY BANK (SANTA CLARA, CA)

- Advised tech startup CEO/CFO/COO's in emerging global innovation centers with banking and financial services best practices as they entered into the US market.
- Enhanced new client acquisition processes enabling further development of referral channels. Increased onboarding rates 50% YoY, targeting high value clients in our top global markets.
- Chartered Global Gateway data reporting and analytics efforts. Produced ad-hoc reports, financial reporting and analysis of KPIs.

Senior Analyst, Credit Reporting

2012 – 2014

SILICON VALLEY BANK (SANTA CLARA, CA)

- Spearheaded the monthly reconciliation process for a \$12B loan portfolio.
- Performed queries using SQL and Excel to generate reports for Sr. Credit Officers. Resulting data influenced multi-million dollar credit decisions.
- Presented internal/external reports to the Board and Executive Committee. Reports resulted in effective monitoring of the bank's credit profile to determine future risk strategy.
