Education

RITHM SCHOOL **Software Engineering Program** (2019)

SANTA CLARA UNIVERSITY **M.B.A. (Beta Gamma Sigma)**

STANFORD UNIVERSITY **B.S. Management Science & Engineering**

Skills

- JavaScript / NodeJS
- Ruby / Rails
- SQL / PostgreSQL
- React / Redux
- HTML / CSS

Experience

Full Stack Software Engineer
MAVENLINK (SAN FRANCISCO, CA)

March 2020 - Present

- Built full stack features on the Mavenlink enterprise application using React, GraphQL, Ruby/Rails, MySQL, JavaScript, HTML, CSS and other common developer tools (ex. Github, NewRelic) and more.
- Designed and implemented new components and backend features on the resource recommendation and optimization engine that powers the industry leading application for professional services.
- Enhanced frontend with React/Redux and consumed data provided by API to provide an accurate presentation of user project management and financial data including timesheets and invoices.
- Created GraphQL endpoints and other backend methods for the core Mavenlink RESTful API.
- Fixed bugs reported by customers and communicated internally about intended behavior and whether the issue was truly a bug, performance related or other diagnosed problem.
- Led pairing sessions with both senior and junior engineers to complete assigned work tickets.

Software Engineer   (Contract)
GROUPMUSE (SAN FRANCISCO, CA)

Oct. 2019 - Nov. 2019

- Designed mobile application features using current website architecture and React Native. Built new components to improve functionality of user detail views.
- Created new functions on the React Native frontend and API / backend.

Vice President, Global Gateway
SILICON VALLEY BANK (SANTA CLARA, CA)

2014 – July 2019

- Advised startup CEO/CFO/COO's in emerging global innovation centers with banking and financial services best practices as they entered into the US market.
- Enhanced new client acquisition processes enabling further development of referral channels. Increased onboarding rates 50% YoY, targeting high value clients in our top global markets.
- Chartered Global Gateway data reporting and analytics efforts. Produced ad-hoc reports, financial reporting and analysis of KPIs.

Senior Analyst, Credit Reporting
SILICON VALLEY BANK (SANTA CLARA, CA)

2012 – 2014

- Spearheaded the monthly reconciliation process for a $12B loan portfolio.
- Performed queries using SQL and Excel to generate reports for Sr. Credit Officers. Resulting data influenced multi-million dollar credit decisions.
- Presented internal/external reports to the Board and Executive Committee. Reports resulted in effective monitoring of the bank's credit profile to determine future risk strategy.
